

# Connecting to Idlewild's Guest WiFi System

- Select **IDLEWILD-GUEST** from the list of available WiFi networks on your computer
  - *Note: there is no password required at this point*
- Once connected, start your web browser (Internet Explorer, Firefox, Chrome, Safari, etc.) and type in any web address (e.g., www.google.com) and hit "Go" or press ENTER / RETURN.
  - *Note: on Macintosh computers, iPhones and iPads, a special screen will be displayed after 10 seconds which will allow you to log in – it looks like the following:*
- You will be presented with a welcome page for Idlewild's guest network

- In the **password** field, type **idlewild2011** and press the **continue** button
- You will be re-directed to Idlewild's website

- You may now browse the Internet. Other services, such as e-mail will now be available for your use
  - *Note: your access to the Internet will be available for 24 hours. After 24 hours, you will be required to enter your password again.*
